Discounted Price List Winter 2019 / 2020

Below is a description of the carp that we produce here at VS Fisheries Ltd. Our harvest / delivery season generally starts in late October and finishes in early March, whilst water temperatures are at their lowest. Currently demand is high for our fish so please contact us with any enquiry regarding our fish, their current availability and prices.

3-Summer Carp (C3)

£6.00 per lb (£13.20 per kg)

These hand selected fish range from 4 to 6.5 lbs in weight and at harvest will be 2.5 years old. In rich lightly-stocked waters we would expect these fish to be nearing double figures a full year after introduction.

4-Summer Carp (C4)

£10.00 per lb (£22.00 per kg)

These 4-summer carp are one of our most popular age classes. At harvest we expect these hand selected fish range between 8 to 12 lbs and are 3.5 years old. From our experience these fish are the ideal size for introduction into established specimen carp fisheries that are looking for their big fish of the future.

5-Summer Carp (C5)

£14.00 per lb (£30.80 per kg)

These 5-summer fish are 4.5 years old and range between 13 to 18.5 lbs at harvest. In the right waters we would expect these fish to be close to 20 lbs or above within a year of introduction. This year class are ideal for someone looking to introduce a select number of fish to an established lake.

6-Summer Carp (C6)

£24.00 per lb (£52.80 per kg)

These fish are truly the cream of the crop of VS Fisheries carp as they have been hand selected over the previous 5 years. Annually we now produce a number of these fish which will be between 20 to 24lbs at harvest. Six summer fish are great for new fisheries that require larger target fish initially or for established waters that need an introduction of specimen sized fish for the future.

7-Summer Carp (C7)

Price on Application

Every year we select a limited number of six summer carp to on-grow for another year. These fish will be between 25 to 29lbs.

Smaller Carp

We do sell some smaller fish during our winter harvest. Please contact us for more information and availability.

1-Summer Carp (C1)

These fish are 2-4" and are priced per fish. Minimum order of 50 fish and individual fish price depends on the number ordered as detailed below;

50+ fish	100 – 500 fish	500 – 1000 fish	1000+ fish
80p each	60p each	48p each	40p each

2-Summer Carp (C2)

£4.20 / lb (£9.24 per kg)

These fish are generally between 12oz – 1.75lb at harvest and are ideal for on-growing or introduction into pleasure fisheries.

All prices exclude stocking admin fee (£10.00 per site), delivery charges and VAT at 20%.

Prices applicable to all fish delivered up to the 31st March 2020.
